# UNIVERSAL INDEXABLE TOOLS MANUFACTURER & EXPORTER

AN ISO 9001 : 2015 CERTIFIED COMPANY

## ABOUT US

PHOENIX TOOLINGS is company formed and promoted by Mr. B.S. Gawande in the year 2004. Its core business includes manufacture of Indexable Cutting tools holders, holding systems and special tools as per the ISO 9001-2015 standard norms. The wide and immense experience of the promoter has brought PHOENIX TOOLINGS to a new height in the field of tool designing and manufacturing.

PHOENIX TOOLINGS is customer focused organization, committed to provide quality products with excellent value additions, technical expertise and prompt service.

Our constant commitment to excel in our customer expectation made for ourselves an unbeaten improvement in our products and services.

### OUR PRODUCT

Our product development team has developed a wide range of indexable cutting tool holders, boring bars and Tailormade tools for CNC Lathe machines, VMC, HMC, SPM and conventional machines to suit the customer requirement.

### OUR MOTTO

Productivity improvement, Process development and economy in costs are our prime mottos while catering to the varied needs of our customers.

### OUR SERVICE

Our timely service, continuous and effective rapport with our customers has paid us with an excellent goodwill in the market. Our service is backed by adequate stocks to ensure timely supply and uninterrupted production runs for our customers.

## OUR VALUES

We uphold the highest standards of integrity, ethics, and transparency in all our dealings. We believe in maintaining open and honest communication with our employees, customers, suppliers, and stakeholders, fostering an environment of trust and accountability.

## OUR MISSION

Our mission is to be a global leader in providing high-quality indexable cutting tools that empower manufacturing industries to achieve superior precision, efficiency, and productivity in their machining processes. We strive to continuously innovate and deliver cutting-edge solutions that enable our customers to stay competitive in today's rapidly evolving market.

## OUR VISION

Our vision is to revolutionize the world of machining by setting new benchmarks in indexable cutting tool technology. We aim to be the go-to choice for manufacturers worldwide, offering a comprehensive range of advanced tools that enhance performance, reduce production costs, and optimize the overall manufacturing process. By fostering strong partnerships and leveraging our expertise, we envision driving sustainable growth and shaping the future of precision machining.

## INDUSTRIAL APPLICATIONS

Bearing

Agri and Farm

Medical

Oil and Gas

Heavy Engineering

Defence

Textile

Aerospace

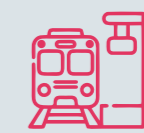

Automotive

Power Generation

Shipbuilding

Railway

Wind Power

Manufacturers of ISO & Tailor Made  
Indexable Tool Holders

[www.phoenixtoolings.com](http://www.phoenixtoolings.com)

# GENERAL TURNING

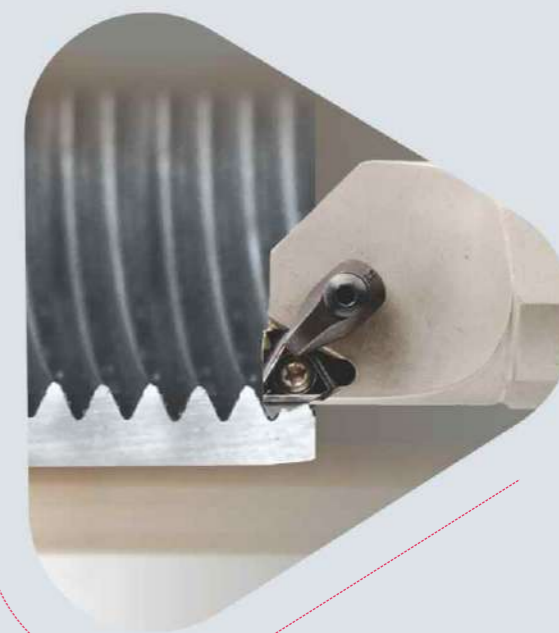

Indexable Tool Holders for  
Internal & External Machining

- ▶ Screw Clamping System (S)
- ▶ Lever Clamping System (P)
- ▶ Top Clamping System (D&T)
- ▶ Wedge Clamping System (M&W)

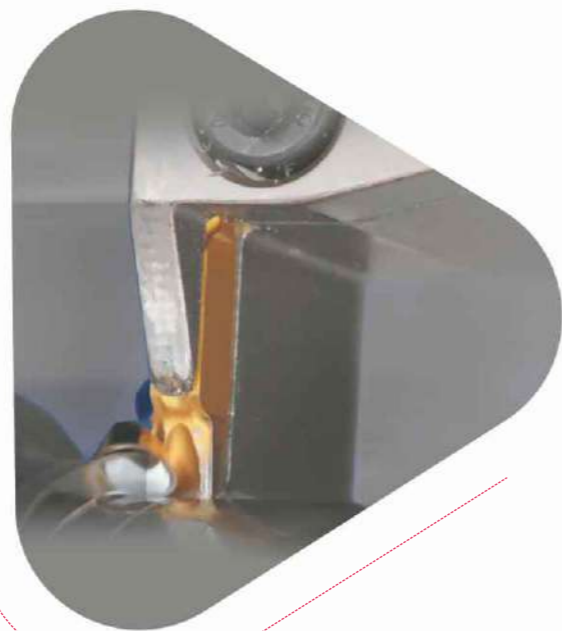

# THREADING

Indexable External & Internal  
Threading Tool Holders

# INDEXABLE GROOVING

Indexable External & Internal  
Grooving Tool Holders (RH & LH)

# INDEXABLE DRILLS

Indexable 'U' Drills  
Indexable Spl. 'U' Drills

- ▶ Indexable 'U' Drills Range up to Ø14
- ▶ Internal Through Coolant
- ▶ Manufacturing in Helical Flute for Smooth Chip Flow
- ▶ As Per Customer Requirement Manufacturing in Straight Flute

- ▶ Indexable 'U' Drill Cum Boring
- ▶ Indexable 'U' Drill Cum Chamfer
- ▶ Indexable 'U' Drill Cum Counter

# INDEXABLE MILLING

As per customers requirement  
by various sectors

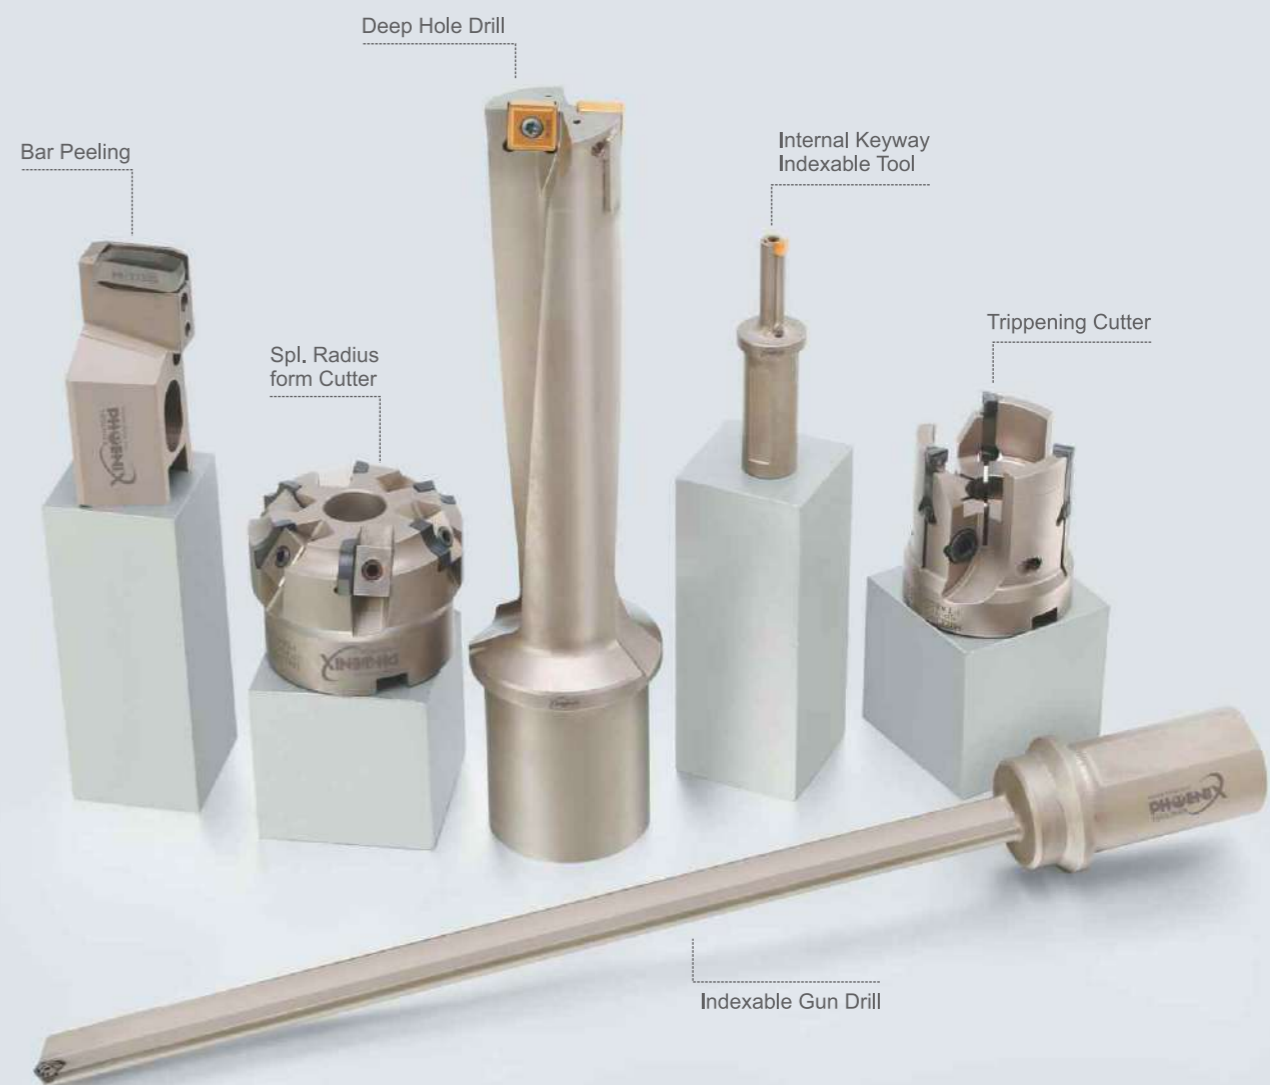

- ▶ General Indexable Milling Cutters
- ▶ Indexable Face Milling Cutters
- ▶ Indexable Shoulder Milling Cutters
- ▶ Fine Adjusting Cutters for PCD Inserts

# SPL. APPLICATIONS

As per customers requirement  
by various sectors

# SPL. MILLING

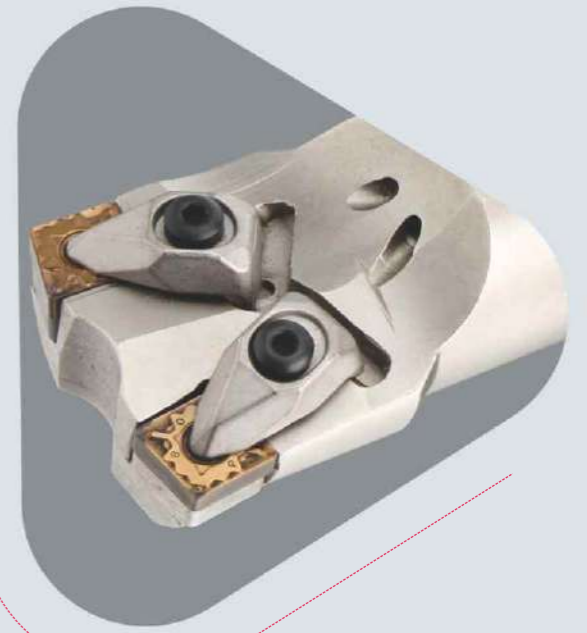

Spl. Die & Mould Cutters  
Face Milling Cutters  
Spl. Customize Cutters

- ▶ General Indexable Milling Cutters
- ▶ Indexable Face Milling Cutters
- ▶ Indexable Shoulder Milling Cutters
- ▶ Fine Adjusting Cutters for PCD Inserts

- ▶ Modular Head Type
- ▶ Cylindrical Shank Type
- ▶ Arbor Type
- ▶ Weldon Shank
- ▶ MT Type

# SPL. BORING

Spl. Solid Carbide  
Shank Boring Bars

- ▶ Screw clamping system (S)
- ▶ Lever clamping system (P)
- ▶ Top clamping system (D&T)
- ▶ Wedge clamping system (M&W)

- ▶ Carbide Shank for Chatter free Internal Machining (Anti Vibration)
- ▶ Solve Difficult Deep Boring Applications (Diameter x 5L)
- ▶ Increase Tool Life & Improve Surface finish

# MULTI FUNCTIONAL TOOL HOLDERS

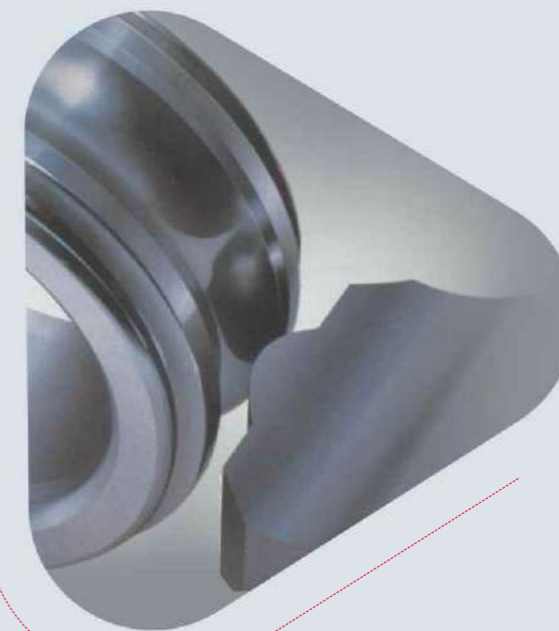

Spl. Customize Tool Holders  
& Boring Bars

- ▶ Spl. Customize Tool Holders For ID & OD Turning
- ▶ Spl. Customize Tool Holders For Facing & Chamfering
- ▶ Spl. Customize Tool Holders For Extra Long Boring
- ▶ Milling Machine Tools Shanks & Tapers
- ▶ Centering & Facing Cartridges
- ▶ Special Sleeves & Adaptors

# BEARING MACHINEING

Spl. Tool Holders for Bearings

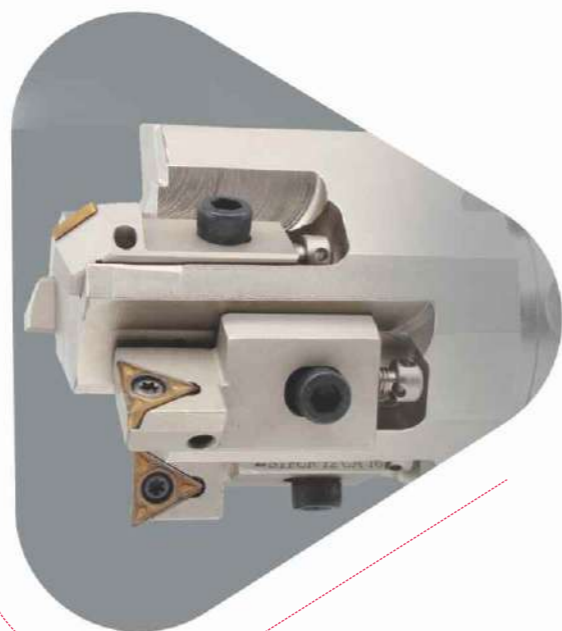

- ▶ Raceway IR/OR
- ▶ Seal Groove IR/OR
- ▶ ID & OD Turning IR/OR
- ▶ Bore Radius IR/OR

# CARTRIDGES

Cartridges

- ▶ Screw Clamping System (S)
- ▶ Lever Clamping System (P)
- ▶ Top Clamping System (D&T)
- ▶ Wedge Clamping System (M&W)

# CUSTOMIZE BORING BARS

Spl. Integrated Boring Bars  
as per customers requirements

- ▶ Spl. Integrated Boring Bar Available in BT Shank (MAS-BT403) BT 30 / 40 / 45 / 50 / 60
- ▶ CAT Shank (DIN 69871), CAT 30 / 40 / 45 / 50 / 60
- ▶ ISO Taper (DIN 2080) ISO 30 / 40 / 45 / 50 / 60
- ▶ Morse Tapers MT 1 To MT 6, VDI Shank VDI 25 / 30 / 40 / 50 / 60, NT Tapers NT 30 / 40 / 50
- ▶ Komet ABS 25 / 32 / 40 / 50 / 63 / 80 / 100
- ▶ HSK Shank (DIN 69893) HSK 32 / 40 / 50 / 63 / 80 / 100

# HEAVY ENGINEERING

As per customers requirement  
by various sectors

- ▶ Spl. Boring Bar Ø10 to Ø520 mm
- ▶ Spl. Face Grooving Ø26 to Ø600 mm
- ▶ Spl. Milling Cutter Ø10 to Ø500 mm
- ▶ Spl. PCD Milling Cutter Ø50 to Ø500 mm
- ▶ Spl. Taper Milling Cutter as per requirement
- ▶ Spl. Grang Milling Cutter as per requirement

# EXPANDING HORIZONS

Our Trusted Distributor Network

- Andhra Pradesh
- Bihar
- Chhattisgarh
- Goa
- Gujarat
- Haryana
- Delhi
- Jharkhand
- Karnataka
- Madhya Pradesh
- Maharashtra
- Odisha
